Bachelor of Early Childhood (BECH)

Program Change and Transition Guide

About Your Program

To offer you a flexible learning journey with relevant and classroom-ready skills, we have made some improvements to your program through the re-accreditation of the Bachelor of Early Childhood (BECH) starting in **Trimester 1, 2024**.

This Bachelor of Early Childhood (BECH) guide contains all the information that you need to know about your program. The BECH is a 24 credit point (24 course program) with at least eighty (80) days of supervised professional experience. Graduates from the BECH will have met the requirements of the [Australian Children's Education and Care Quality Authority \(ACECQA\)](#) and can apply for recognition of being an Early Childhood Teacher (ECT) in prior to school settings. The 3 year BECH program is fully nested within the 4 year Bachelor of Education (Early Childhood). Students can take the BECH as a stand-alone qualification or as an early exit pathway from the BEED. Alternatively, BECH students can articulate into BEED program by completing the 4th year and LANTITE, and graduate with qualifications to apply for registration as a teacher in Queensland and teach students from Birth to Year 3 in schools and early childhood settings.

This guide will support your learning journey for:

[Section 1: Planning My Enrolment Pattern](#)

Continuing Students

All successfully completed courses will contribute to your program and you will continue studying as normal.

The transition plan lets you know the last offer of the old courses and the first offer of the new courses so if you miss the last offer of a course that currently appears on your enrolment pattern you will immediately transition into the new course.

The transition plan also lets you know when courses are offered (e.g. T1, T2 or T3) which will assist you to plan your enrolment for the remainder of your program.

Please follow the step-by-step guide to build your personalised enrolment pattern.

New Students commencing in Trimester 1 2024

As a new student commencing study in 2024, you will follow your enrolment pattern by taking the new courses as they are rolled out for the first time.

The recommended enrolment pattern is shown for eight courses per year with study in all three trimesters.
