Bachelor of Education (Secondary) (BSED)

Program Change and Transition Guide

About Your Program

To offer you a flexible learning journey with relevant and classroom-ready skills, we have made some improvements to your program through the re-accreditation of the Bachelor of Education (Secondary) (BSED) starting in **Trimester 1, 2024**.

This Bachelor of Education (Secondary) (BSED) guide contains all the information that you need to know about your program. The BSED is a 32 credit point (32 course program) with at least eighty (80) days of supervised professional experience and the [Literacy and Numeracy Test for Initial Teacher Education \(LANTITE\)](#). Successful completion of all of the requirements for your program, including passing both the literacy and numeracy tests are required prior to graduation from the program and eligibility to apply for registration as a teacher with the Queensland College of Teachers (QCT). It is your responsibility to register and complete your LANTITE tests prior to graduation.

This guide will support your learning journey for:

[Section 1:](#) Teaching Areas and Curriculum & Pedagogy Courses

[Section 2:](#) Planning My Enrolment Pattern

Continuing Students

All successfully completed courses will contribute to your program and you will continue studying as normal.

The transition plan lets you know the last offer of the old courses and the first offer of the new courses so if you miss the last offer of a course that currently appears on your enrolment pattern you will immediately transition into the new course.

The transition plan also lets you know when courses are offered (e.g. T1, T2 or T3) which will assist you to plan your enrolment for the remainder of your program.

If you have not already completed your curriculum & pedagogy courses, you will immediately transition into the new course. (e.g. if you have not studied EDS4402 for your “maths” teaching area, you will immediately transition because you will take EDS2202 in T2)

Please follow the step-by-step guide to build your personalised enrolment pattern.

New Students commencing in Trimester 1 2024

As a new student commencing study in 2024, you will follow your enrolment pattern by taking the new courses as they are rolled out for the first time.

The recommended enrolment pattern is shown for eight courses per year with study in all three trimesters.

[Commencing Trimester 1 \(3+3+2 pattern\)](#)

[Commencing Trimester 2 \(3+3+2 pattern\)](#)

Section 1: Teaching Areas and Curriculum & Pedagogy Courses

BSED students study discipline courses which qualify you in two teaching areas that are taught in Secondary Schools. You can take any combination of teaching areas except both Design Pathways e.g. either the *Design: Industry (ITD) Pathway* or the *Design: Creative Pathway*.

If you have not completed your curriculum & pedagogy course/s you will immediately transition to the new courses for your teaching areas. Refer to the table below to identify which courses you will undertake based on the curriculum area for your teaching areas.

The courses for your discipline content knowledge are listed for each of your secondary teaching areas in the UniSQ Handbook.

All new students in 2024 will complete the following courses for your teaching areas:

Teaching Area 1

- 6 content knowledge courses
- 1 Junior Curriculum & Pedagogy course
- 1 Senior Curriculum & Pedagogy course

Teaching Area 2

- 5 content knowledge courses
- 1 Junior Curriculum & Pedagogy course
- 1 Senior Curriculum & Pedagogy course

Teaching Area and Specialist Courses

The “Specialist” courses provide students that are specialising within a single Learning Area (ie two senior Sciences, two Humanities, two Social Sciences, two Arts, two Technologies subjects or one Humanities and one Social Science) to develop an advanced understanding of their discipline and explore their second teaching area which is in the same Learning Area.

If you choose teaching areas that fall under the same curriculum area for your teaching area 2 you will undertake the Learning Area Specialist courses.

Examples:

If you choose 2 areas from two *different* curriculum areas: “Mathematics and History”:

Teaching Area 1 - **Mathematics**

Junior Secondary – Mathematics - EDS2202

Senior Secondary – Mathematics - EDS4102

Teaching Area 2 – **History**

Junior Secondary – Humanities - EDS2208

Senior Secondary – Humanities - EDS4108

If you choose 2 areas in the *same* curriculum area: “Chemistry and Biology” (which are both “Sciences”):

Teaching Area 1 – **Chemistry**

Junior Secondary – Science - EDS2203

Senior Secondary – Science - EDS4103

Teaching Area 2 – **Biology**

Junior Secondary – Learning Area Specialist – EDS2200

Senior Secondary – Learning Area Specialist – EDS4100

If you choose 2 areas in the *same* curriculum area: “History and Business” (which are both Humanities and Social Sciences):

Teaching Area 1 – **History**

Junior Secondary – Humanities - EDS2208

Senior Secondary – Humanities - EDS4108

Teaching Area 2 – **Business**

Junior Secondary – Learning Area Specialist – EDS2200

Senior Secondary – Social Sciences - EDS4105

Transition Plan for Teaching Area and Specialist Courses

Secondary Curriculum Areas			
Bachelor of Education (Secondary) (BSED) students study discipline courses which qualify you in two teaching areas that are taught in Secondary Schools. You can take any combination of teaching areas except both Design Pathways. In the teaching area for Design, you can select either <i>Design: Industry (ITD)</i> or <i>Design: Creative</i>

Section 2: All About You – Planning My Enrolment Pattern

This section will help step you through your personalised enrolment pattern.

Firstly, a bit about you:

My Details	
Name	
Student Number	
Program	Bachelor of Education (Secondary) (BSED)
Commencing Date e.g. S1, 2022	
Number of Courses completed	
Approved credits	
Blue Card (WWCC) and expiry date	
Teaching Area 1	
Teaching Area 2	
LANTITE Literacy Test	
LANTITE Numeracy Test	
Number of Courses remaining	
Expected Graduation Date	

Step 1

Use your admission information to check your teaching areas.

If you have been granted credit or if you have successfully completed courses download or print your [unofficial transcript](#).

Step 2a – Continuing Students

Using your unofficial transcript, mark off each of your successfully completed courses and any courses that you have received credit using the [“Recommended Enrolment Pattern for Continuing Students”](#) column of the Transition Table. All successfully completed courses will contribute to your program.

Step 2b – New Students

The recommended enrolment pattern is shown for eight courses per year with study in all three trimesters.

[Commencing Trimester 1 \(3+3+2 pattern\)](#)

[Commencing Trimester 2 \(3+3+2 pattern\)](#)

Step 3

Things to consider when planning your enrolment:

- You will be required to meet any pre-requisites listed in the course specifications to enrol in that course
- You are encouraged to take at least one professional experience course every year and you can not take more than one professional experience course in the same trimester.
- If you are not able to take a course before it is superseded (see transition table for the last offer), then you will immediately transition into the new course.
 - For example, if you have not studied EDC1300 (last offer 2023), then you will transition into the replacement course EDC1002

My Enrolment Pattern
