Description

This session is being recorded as part of the Peer Assisted Study Sessions (PASS) program through the University of Southern Queensland.

The purpose of recording the session is to provide feedback and development to help PASS leaders facilitate sessions effectively. Recording does not occur on a regular basis as we want to maintain an informal and safe environment where you feel comfortable participating. The focus watching the recording will be on the PASS leader and the strategies they use to try and provide an informal, social, and productive study session.
