## FACILITIES MANAGEMENT

# Bug and Pest Management

Colleagues

Due to recent weather conditions and the changing season, bug and pest activity has increased within buildings. Whilst we work to address bug removal during routine cleaning, there are some things everyone can do to help manage the situation:

- **Keep Windows Shut:** Ensure all windows remain closed, especially outside of work hours.
- **Turn Off Lights:** Turn off lights when offices not in use to avoid attracting bugs.
- **Food Storage:** Store food in sealed containers and avoid leaving food scraps in offices.

We invite you to stay up-to-date with service interruptions via our [Facilities Management Notices](#) information page.
